# NOTES TO FINANCIAL STATEMENTS

## I. Organization

Causeway International Opportunities Fund (the “Fund”) is a series of Causeway Capital Management Trust (the “Trust”). The Trust is an open-end management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”) and is a Delaware statutory trust that was established on August 10, 2001. The Fund began operations on December 31, 2009. The Fund is authorized to offer two classes of shares, the Institutional Class and the Investor Class. The Declaration of Trust authorizes the issuance of an unlimited number of shares of beneficial interest of the Fund. The Fund is diversified. The Fund’s prospectus provides a description of the Fund’s investment objectives, policies and strategies. As of September 30, 2024, the Trust has four additional series, the financial statements of which are presented separately.

## 2. Significant Accounting Policies

The following is a summary of the significant accounting policies consistently followed by the Fund.

**Use of Estimates in the Preparation of Financial Statements** – The Fund is an investment company that applies the accounting and reporting guidance issued in Topic 946 by the U.S. Financial Accounting Standards Board. The Fund’s financial statements have been prepared to comply with U.S. generally accepted accounting principles (“U.S. GAAP”). The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of net assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

**Security Valuation** – Except as described below, securities listed on a securities exchange (except the NASDAQ Stock Market (“NASDAQ”)) or Over-the-Counter (“OTC”) for which market quotations are available are valued at the last reported sale price as of the close of trading on each business day, or, if there is no such reported sale, at the last reported bid price for long positions. For securities traded on NASDAQ, the NASDAQ Official Closing Price is used. Securities listed on multiple exchanges or OTC markets are valued on the exchange or OTC market considered by the Fund to be the primary market. The prices for foreign securities are reported in local currency and converted to U.S. dollars using currency exchange rates. Prices for most securities held in the Fund are provided daily by recognized independent pricing agents. If a security price cannot be obtained from an independent pricing agent, the Fund seeks to obtain a bid price from at least one independent broker. Investments in money market funds are valued daily at the net asset value per share.

Securities for which market prices are not “readily available” are valued in accordance with fair value pricing procedures approved by the Fund’s Board of Trustees (the “Board”). The Fund’s fair value pricing procedures are overseen by the Fund’s valuation designee, Causeway Capital Management LLC (“Adviser”), and implemented through a Fair Value Committee (the “Committee”). Some of the more common reasons that may necessitate that a security be valued using fair value pricing procedures include: the security’s trading has been halted or suspended; the security has been delisted from a national exchange; the security’s primary trading market is temporarily closed at a time when under normal conditions it would be open; or the security’s primary pricing source is not able or willing to provide a price. When the Committee values a security in accordance with the fair value pricing procedures, the Committee will determine the value after taking

# NOTES TO FINANCIAL STATEMENTS

(continued)

into consideration relevant information reasonably available to the Committee.

The Fund uses a third party vendor to fair value certain non-U.S. securities if there is a movement in the U.S. market that exceeds thresholds established by the Committee. The vendor provides fair values for foreign securities based on factors and methodologies involving, generally, tracking valuation correlations between the U.S. market and each non-U.S. security and such fair values are applied by the administrator if a pre-determined confidence level is reached for the security.

In accordance with the authoritative guidance on fair value measurements and disclosure under U.S. GAAP, the Fund discloses fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The guidance establishes three levels of fair value hierarchy as follows:

- Level 1 — Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that the Fund has the ability to access at the measurement date;
- Level 2 — Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets which are not active, or prices based on inputs that are observable (either directly or indirectly); and
- Level 3 — Prices, inputs or exotic modeling techniques which are both significant to the fair value measurement and unobservable (supported by little or no market activity).

Investments are classified within the level of the lowest significant input considered in determining fair value. Investments classified within Level 3 which fair value measurement considers several inputs may include Level 1 or Level 2 inputs as components of the overall fair value measurement.

Changes in valuation techniques may result in transfers in or out of an investment's assigned level within the hierarchy during the reporting period. Changes in the classification between Levels 1 and 2 occur primarily when foreign equity securities are fair valued by the Fund's third party vendor using other observable market-based inputs in place of closing exchange prices due to events occurring after foreign market closures or when foreign markets are closed, and/or when adjustments are made to security values for "foreign line" securities using "local line" prices. Due to currency and ownership restrictions on foreign persons in certain countries, including without limitation Thailand, securities sometimes trade via a "foreign line" (designated for foreign ownership) and via a "local line" (shares traded locally and held by residents). Liquidity of shares held in the foreign line is often more limited than the local line. As the last traded price of a foreign line may not represent fair value, if the securities can readily be traded through a broker to access the local line, the securities may be priced using the last traded local line price.

As of and during the fiscal year ended September 30, 2024, there were no changes to the Fund's fair value methodologies.

**Federal Income Taxes** – The Fund intends to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code and

# NOTES TO FINANCIAL STATEMENTS

(continued)

to distribute substantially all of its taxable income. Accordingly, no provision for Federal income taxes has been made in the financial statements.

The Fund evaluates tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether it is "more-likely-than-not" (i.e., greater than 50-percent) that each tax position will be sustained upon examination by a taxing authority based on the technical merits of the position. Tax positions not deemed to meet the "more-likely-than-not" threshold are recorded as a tax benefit or expense in the current year. The Fund did not record any tax provision in the current period. However, management's conclusions regarding tax positions taken may be subject to review and adjustment at a later date based on factors including, but not limited to, examination by tax authorities (i.e., the last 3 tax years, as applicable), and on-going analysis of and changes to tax laws, regulations and interpretations thereof.

As of and during the fiscal year ended September 30, 2024, the Fund did not have a liability for any unrecognized tax benefits. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Statement of Operations. During the period, the Fund did not incur any significant interest or penalties.

Withholding taxes on foreign dividends have been provided for in accordance with the Fund's understanding of the applicable country's tax rules and rates. The Fund or its agent files withholding tax reclaims in certain jurisdictions to recover certain amounts previously withheld. The Fund may record a reclaim receivable based on collectability, which includes factors such as the jurisdiction's applicable laws, payment history and market convention. Professional fees paid to those that provide assistance in receiving the tax reclaims, which generally are contin-

gent upon successful receipt of reclaimed amounts, are recorded in Professional Fees on the Statement of Operations once the amounts are due. The professional fees related to pursuing these tax reclaims are not subject to the Adviser's expense limit agreement described in Note 3.

**Security Transactions and Related Income** – Security transactions are accounted for on the date the security is purchased or sold (trade date). Dividend income is recognized on the ex-dividend date, and interest income is recognized using the accrual basis of accounting. Costs used in determining realized gains and losses on the sales of investment securities are those of the specific securities sold.

**Foreign Currency Translation** – The books and records of the Fund are maintained in U.S. dollars on the following basis:

- (1) the market value or fair value of investment securities, assets and liabilities is converted at the current rate of exchange; and
- (2) purchases and sales of investment securities, income and expenses are converted at the relevant rates of exchange prevailing on the respective dates of such transactions.

The Fund does not isolate that portion of gains and losses on investments in equity securities that is due to changes in the foreign exchange rates from that which is due to changes in market prices of equity securities.

**Foreign Currency Exchange Contracts** – When the Fund purchases or sells foreign securities, it enters into corresponding foreign currency exchange contracts to settle the securities transactions. Losses from these foreign exchange transactions may arise from changes in the value of the foreign currency between trade

# NOTES TO FINANCIAL STATEMENTS

(continued)

date and settlement date or if the counterparties do not perform under the contract's terms.

**Expense/Classes** – Expenses that are directly related to one Fund of the Trust are charged directly to that Fund. Other operating expenses of the Trust are pro-rated to the Fund and the other series of the Trust on the basis of relative daily net assets. Expenses of the Shareholder Service Plan and Agreement for the Investor Class are borne by that class of shares. Income, realized and unrealized gains (losses) and non-class specific expenses are allocated to the respective classes on the basis of relative daily net assets.

**Dividends and Distributions** – Dividends from net investment income, if any, are declared and paid on an annual basis. Any net realized capital gains on sales of securities are distributed to shareholders at least annually.

**Cash** – Idle cash may be swept into various time deposit accounts and is classified as cash on the Statement of Assets and Liabilities. The Fund maintains cash in bank deposit accounts which, at times, may exceed United States federally insured limits. Amounts invested and earned income are available on the same business day.

**Other** – Brokerage commission recapture payments are credited to realized capital gains and are included in net realized gains from security transactions on the Statement of Operations. For the fiscal year ended September 30, 2024, the Fund received commission recapture payments of \$2,896.

### 3. Investment Advisory, Administration, Shareholder Service and Distribution Agreements

The Trust, on behalf of the Fund, has entered into an Investment Advisory Agreement (the "Advisory Agreement") with the Adviser. Under the Advisory Agreement, the Adviser is entitled to a monthly

fee equal to an annual rate of 0.80% of the Fund's average daily net assets. The Adviser has contractually agreed through January 31, 2025 to waive its fee and, to the extent necessary, reimburse the Fund to keep total annual fund operating expenses (excluding brokerage fees and commissions, interest, taxes, shareholder service fees, fees and expenses of other funds in which the Fund invests, tax reclaim-related fees and expenses, and extraordinary expenses) from exceeding 0.95% of Institutional Class and Investor Class average daily net assets. For the fiscal year ended September 20, 2024, the Adviser waived \$105,318 of its advisory fee. The expense waivers and reimbursements are not subject to recapture.

The Trust and SEI Investments Global Funds Services (the "Administrator") have entered into an Administration Agreement. Under the terms of the Administration Agreement, the Administrator is entitled to an annual fee which is calculated daily and paid monthly based on the aggregate average daily net assets of the Trust subject to a minimum annual fee.

The Trust has adopted a Shareholder Service Plan and Agreement for Investor Class shares that allows the Trust to pay broker-dealers and other financial intermediaries a fee of up to 0.25% per annum of average daily net assets for services provided to Investor Class shareholders. For the fiscal year ended September 30, 2024, the Investor Class paid 0.25% annualized of average daily net assets under this plan.

The Trust and SEI Investments Distribution Co. (the "Distributor") have entered into a Distribution Agreement. The Distributor receives no fees from the Fund for its distribution services under this agreement.

The officers of the Trust are also officers or employees of the Administrator or Adviser. They receive no fees for serving as officers of the Trust.

# NOTES TO FINANCIAL STATEMENTS

(continued)

As of September 30, 2024, approximately \$3,413 (000) of the Fund's net assets were held by investors affiliated with the Adviser.

## 4. Investment Transactions

The cost of security purchases and the proceeds from the sales of securities, other than short-term investments, during the fiscal year ended September 30, 2024, for the Fund were as follows (000):

Purchases	Sales
\$188,681	\$175,232

## 5. Risks of Foreign Investing

Because the Fund invests most of its assets in foreign securities, the Fund is subject to additional risks. For example, the value of the Fund's securities may be affected by social, political and economic developments and U.S. and foreign laws relating to foreign investments. Further, because the Fund invests in securities denominated in foreign currencies, the Fund's securities may go down in value depending on foreign exchange rates. Other risks include trading, settlement, custodial, and other operational risks; withholding or other taxes; and the less stringent investor protection and disclosure standards of some foreign markets. All of these factors can make foreign securities less liquid, more volatile and harder to value than U.S. securities. These risks are higher for emerging markets investments.

Global economies are increasingly interconnected, and political, economic and other conditions and events (including, but not limited to, wars, conflicts, natural disasters, pandemics, epidemics, inflation/deflation, and social unrest) in one country or region might adversely impact a different country or region. Furthermore, the occurrence of severe weather or geological events, fires, floods, earthquakes, climate change or other natural or man-made disasters,

outbreaks of disease, epidemics and pandemics, malicious acts, cyber-attacks or terrorist acts, among other events, could adversely impact the performance of the Fund. These events may result in, among other consequences, closing borders, exchange closures, health screenings, healthcare service delays, quarantines, cancellations, supply chain disruptions, lower consumer demand, market volatility and general uncertainty. These events could adversely impact issuers, markets and economies over the short- and long-term, including in ways that cannot necessarily be foreseen. The Fund could be negatively impacted if the value of a portfolio holding were harmed by political or economic conditions or events. Moreover, negative political and economic conditions and events could disrupt the processes necessary for the Fund's operations.

For example, Russia's invasion of Ukraine in February 2022, the resulting responses by the U.S. and other countries, and the potential for wider conflict, have increased and may continue to increase volatility and uncertainty in financial markets worldwide. The U.S. and other countries have imposed broad-ranging economic sanctions on Russia and Russian entities and individuals, and may impose additional sanctions, including on other countries that provide military or economic support to Russia. These sanctions, among other things, restrict companies from doing business with Russia and Russian issuers, and may adversely affect companies with economic or financial exposure to Russia and Russian issuers. The extent and duration of Russia's military actions and the repercussions of such actions are not known. The invasion may widen beyond Ukraine and may escalate, including through retaliatory actions and cyberattacks by Russia and even other countries. These events may result in further and significant market disruptions and may adversely affect regional and global economies including those of Europe and the U.S. Certain industries and markets, such as those involving oil, natural gas and other

# NOTES TO FINANCIAL STATEMENTS

(continued)

commodities, as well as global supply chains, may be particularly adversely affected. Whether or not the Fund invests in securities of issuers located in Russia, Ukraine and adjacent countries or with significant exposure to issuers in these countries, these events could negatively affect the value and liquidity of the Fund's investments. In addition, armed conflict between Israel, Hamas and other groups in the Middle East and related events could cause significant market disruptions and volatility. These and other similar events could negatively affect Fund performance.

## 6. Federal Tax Information

The Fund is classified as a separate taxable entity for Federal income tax purposes. The Fund intends to continue to qualify as a separate "regulated investment company" under Subchapter M of the Internal Revenue Code and make the requisite distributions to shareholders that will be sufficient to relieve it from Federal income tax and Federal excise tax. Therefore, no Federal tax provision is required. To the extent that dividends from net investment income and distributions from net realized capital gains exceed amounts reported in the financial statements, such amounts are reported separately.

The Fund may be subject to taxes imposed by countries in which it invests in issuers existing or operating in such countries. Such taxes are generally based on income earned. The Fund accrues such taxes when the related income is earned. Dividend and interest income is recorded net of non-U.S. taxes paid. Gains realized by the Fund on the sale of securities in certain countries are subject to non-U.S. taxes. Expected capital gains taxes on appreciated securities, if any, are accrued as unrealized losses and incurred capital gains taxes are reflected as realized losses upon the sale of the related security. The Fund records a liability based on unrealized gains to provide for potential non-U.S. taxes payable upon the sale of these securities.

The amounts of distributions from net investment income and net realized capital gains are determined in accordance with Federal income tax regulations, which may differ from those amounts determined under U.S. GAAP. These book/tax differences are either temporary or permanent in nature. The character of distributions made during the year from net investment income or net realized gains, and the timing of distributions made during the year may differ from those during the year that the income or realized gains (losses) were recorded by the Fund. To the extent these differences are permanent, adjustments are made to the appropriate equity accounts in the period that the differences arise.

During the fiscal year ended September 30, 2024, there were no permanent differences credited or charged to Paid-in Capital and Distributable Earnings.

The tax character of dividends and distributions declared during the fiscal years ended September 30, 2024 and September 30, 2023 was as follows (000):

	Ordinary Income	Long-Term Capital Gain	Total
2024	\$ 6,218	\$ 441	\$ 6,659
2023	5,558	—	5,558

As of September 30, 2024, the components of distributable earnings (accumulated losses) on a tax basis were as follows (000):

Undistributed Ordinary Income	\$ 9,580
Undistributed Long-Term Capital Gains	12,387
Unrealized Appreciation	42,657
Total Distributable Earnings	<u>\$ 64,624</u>

# NOTES TO FINANCIAL STATEMENTS

(continued)

For the fiscal year ended September 30, 2024, the Fund utilized no short term capital loss carryforwards and \$267 (000) of long term capital loss carryforwards.

At September 30, 2024, the total cost of investments

for Federal income tax purposes and the aggregate gross unrealized appreciation and depreciation on investments for the Fund were as follows (000):

Federal Tax Cost	Appreciated Securities	Depreciated Securities	Net Unrealized Appreciation
\$247,278	\$57,261	\$(14,604)	\$42,657

## 7. Capital Shares Issued and Redeemed (000)

	Fiscal Year Ended September 30, 2024		Fiscal Year Ended September 30, 2023	
	Shares	Value	Shares	Value
<b>Institutional Class</b>				
Shares Sold	1,985	\$30,611	2,207	\$29,544
Shares Issued in Reinvestment of Dividends and Distributions	348	5,321	336	4,344
Shares Redeemed	<u>(1,346)</u>	<u>(21,967)</u>	<u>(2,453)</u>	<u>(33,849)</u>
Increase in Shares Outstanding Derived from Institutional Class Transactions	<u>987</u>	<u>13,965</u>	<u>90</u>	<u>39</u>
<b>Investor Class</b>				
Shares Sold	203	3,328	262	3,695

Shares Redeemed	<u>(210)</u>	<u>(3,344)</u>	<u>(301)</u>	<u>(4,199)</u>
Increase (Decrease) in Shares Outstanding Derived from Investor Class Transactions	<u>27</u>	<u>500</u>	<u>(7)</u>	<u>(89)</u>
Net Increase (Decrease) in Shares Outstanding from Capital Share Transactions	<u><b>1,014</b></u>	<u><b>\$14,465</b></u>	<u><b>83</b></u>	<u><b>\$(50)</b></u>

## 8. Significant Shareholder Concentration

As of September 30, 2024, three of the Fund's shareholders of record owned 74% of the Institutional Class shares. The Fund may be adversely affected when a shareholder purchases or redeems large amounts of shares, which may impact the Fund in the same manner as a high volume of redemption requests. Such large shareholders may include, but are not limited to, institutional investors and asset allocators who make investment decisions on behalf of underlying clients. Significant shareholder purchases and redemptions may adversely impact the Fund's portfolio management and may cause the Fund to make investment decisions at inopportune times or prices or miss

attractive investment opportunities. Such transactions may also increase the Fund's transaction costs, accelerate the realization of taxable income if sales of securities result in gains, or otherwise cause the Fund to perform differently than intended.

## 9. Indemnifications

Under the Trust's organizational documents, each Trustee, officer, employee or other agent of the Trust is indemnified against certain liabilities that may arise out of the performance of his or her duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts, including the Fund's servicing agreements, that contain a variety of indem-

# NOTES TO FINANCIAL STATEMENTS

(concluded)

nification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. The risk of material loss as a result of such indemnification claims is considered remote.

## 10. Line of Credit

The Fund, along with certain other series of the Trust, was a party to an agreement which enabled it to participate in a \$10 million secured committed revolving line of credit with The Bank of New York Mellon which expired on February 14, 2024. The proceeds from the borrowings, if any, were used to finance the Fund's short-term general working capital requirements, including the funding of shareholder redemptions. Interest, if any, was charged to the Fund based on its borrowings during the period at the applicable rate plus 1.5%. The Fund was also charged a portion of a commitment fee of 0.20% per annum. As of September 30, 2024, the Fund no longer had access to the line of credit and there were no borrowings outstanding.

## 11. Subsequent Events

The Fund has evaluated the need for disclosures and/or adjustments resulting from subsequent events through the date the financial statements were issued. Based on this evaluation, no disclosures and/or adjustments were required to the financial statements.

# REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Trustees of Causeway Capital Management Trust and Shareholders of Causeway International Opportunities Fund

## ***Opinion on the Financial Statements***

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of Causeway International Opportunities Fund (one of the funds constituting Causeway Capital Management Trust, referred to hereafter as the "Fund") as of September 30, 2024, the related statement of operations for the year ended September 30, 2024, the statement of changes in net assets for each of the two years in the period ended September 30, 2024, including the related notes, and the financial highlights for each of the five years in the period ended September 30, 2024 (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of September 30, 2024, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period ended September 30, 2024 and the financial highlights for each of the five years in the period ended September 30, 2024 in conformity with accounting principles generally accepted in the United States of America.

## ***Basis for Opinion***

These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits of these financial statements in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of September 30, 2024 by correspondence with the custodian and brokers; when replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

/s/ PricewaterhouseCoopers LLP  
Los Angeles, California  
November 21, 2024

We have served as the auditor of one or more investment companies in Causeway Capital Management Investment Company Complex since 2001.

## NOTICE TO SHAREHOLDERS (Unaudited)

The information set forth below is for the Fund's fiscal year as required by federal laws. Shareholders, however, must report distributions on a calendar year basis for income tax purposes, which may include distributions for portions of two fiscal years of the Fund. Accordingly, the information needed by shareholders for income tax purposes will be sent to them in early 2025. Please consult your tax adviser for proper treatment of this information.

For the fiscal year ended September 30, 2024, the Fund is designating the following items with regard to distributions paid during the year:

(A)	(B)	(C)	(D)	(E)
Long Term Capital Gains Distributions <u>(Tax Basis)</u>	Ordinary Income Distributions <u>(Tax Basis)</u>	Tax Exempt Distributions <u>(Tax Basis)</u>	Total Distributions <u>(Tax Basis)</u>	Dividends <sup>(1)</sup> for Corporate Dividends Received Deduction <u>(Tax Basis)</u>
5.54%	94.46%	0.00%	100.00%	0.00%
(F)	(G)	(H)	(I)	
Qualified Dividend Income <u></u>	Interest Related Dividends <u></u>	Qualified Short-Term Capital Gain Dividends <u></u>	Qualified Foreign Tax Credit Pass Through <u></u>	
89.32%	0.00%	0.00%	16.30%	

<sup>(1)</sup> Qualified Dividends represent dividends which qualify for the corporate dividends received deduction.

Items (A), (B), (C) and (D) are based on a percentage of the Fund's total distribution including pass-through as foreign tax credit.

Item (E) is based on a percentage of ordinary income distributions of the Fund.

Item (F) represents the amount of "Qualified Dividend Income" as defined in the Jobs and Growth Tax Relief Reconciliation Act of 2003 and is reflected as a percentage of "Ordinary Income Distributions." It is the Fund's intention to designate the maximum amount permitted by the law up to 100%.

Item (G) is the amount of "Interest Related Dividends" as created by the American Jobs Creation Act of 2004 and is reflected as a percentage of net investment income distributions that is exempt from U.S. withholding tax when paid to foreign investors.

Item (H) is the amount of "Qualified Short-Term Capital Gain Dividends" as created by the American Jobs Creation Act of 2004 and is reflected as a percentage of short-term capital gain distributions that is exempt from U.S. withholding tax when paid to foreign investors.

Item (I) is the amount of "Qualifying Foreign Taxes" as a percentage of ordinary distribution during the fiscal year ended September 30, 2024. The Fund accrued Foreign taxes during the fiscal year ended September 30, 2024, amounted to \$1,296,890 and are expected to be passed through to shareholders as foreign tax credits on Form 1099 – Dividend for the year ended December 31, 2024. In addition, for the fiscal year ended September 30, 2024, gross income derived from sources within foreign countries amounted to \$8,103,336 for the Fund.

# STATEMENT REGARDING BASIS FOR RENEWAL OF INVESTMENT ADVISORY AGREEMENT (FORM N-CSR ITEM 11) (Unaudited)

At a meeting on August 12, 2024, the Trustees considered and approved the renewal of the investment advisory agreement (the “Advisory Agreement”) between Causeway Capital Management Trust (the “Trust”) and Causeway Capital Management LLC (the “Adviser”) with respect to Causeway International Opportunities Fund (the “Fund”) for a twelve-month period beginning September 20, 2024. Section 15(c) of the Investment Company Act of 1940, as amended (the “1940 Act”) requires the Board of Trustees (the “Board”) of the Trust annually to approve continuance of the Advisory Agreement. Continuance of the Advisory Agreement must be approved by a majority of the Trustees and a majority of the independent Trustees (i.e., Trustees who are not “interested persons” of the Trust as defined in the 1940 Act). The Board was comprised of four independent Trustees when the continuation of the Advisory Agreement was considered.

**Information Received.** At each regular quarterly meeting, the Board reviews a wide variety of materials relating to the nature, extent and quality of the Adviser’s services, including information concerning the Fund’s performance. In addition, at a special meeting on June 26, 2024, the Trustees also received and reviewed extensive quantitative and qualitative materials prepared by the Adviser relating to the Advisory Agreement in response to information requested on the independent Trustees’ behalf by their independent legal counsel. At the June special meeting, the Trustees received and reviewed a report prepared by Broadridge Financial Solutions, Inc. providing comparative expense and performance information about the Fund to assist with the annual review of the Advisory Agreement. Following that meeting, the Trustees requested additional information, and received and reviewed further materials prepared by the Adviser relating to their consideration of the renewal of the Advisory Agreement at the August 12, 2024 meeting.

**Factors Considered.** In reviewing the Advisory Agreement, the Trustees considered a number of factors including, but not limited to: (1) the nature, extent and quality of the services provided by the Adviser, (2) the investment performance of the Fund, (3) comparisons of the services rendered and the amounts paid under the Advisory Agreement with those of other funds and those of the Adviser under other investment advisory agreements with other types of clients, (4) the costs of the services provided and estimated profits realized by the Adviser and its affiliates from their relationship with the Fund, (5) the extent to which economies of scale would be realized as the Fund grows and whether fee levels reflect these economies of scale for the benefit of Fund investors, and (6) any other benefits derived by the Adviser from its relationship with the Fund.

First, regarding the nature, extent and quality of the services provided by the Adviser, the Trustees considered, among other things, the Adviser’s personnel, experience, track record and compliance program. The Trustees considered the qualifications, backgrounds and responsibilities of the Adviser’s principal personnel who provide services to the Fund, as well as the level of attention those individuals provide to the Fund. The Trustees noted the Adviser’s commitment to devoting resources to staffing and technology in support of its investment management services. They also reviewed the Adviser’s investment philosophy and processes and its compliance program, its various administrative, legal and regulatory responsibilities, and considered the scope of the Adviser’s services to the Fund. The Trustees concluded that the nature, extent and quality of the services provided by the Adviser should continue to benefit the Fund and its shareholders.

# STATEMENT REGARDING BASIS FOR RENEWAL OF INVESTMENT ADVISORY AGREEMENT (FORM N-CSR ITEM 11) (Unaudited)

(continued)

Second, regarding the investment performance of the Fund, the Trustees reviewed the investment results of the Fund for various periods ended March 31, 2024, compared to the results of the MSCI ACWI ex USA Index, the median of the mutual funds included in the Morningstar Foreign Large Value category, and the median of the funds in a peer group selected by Broadridge. They noted that, consistent with Broadridge's practice, the Broadridge 15(c) Report focused on one class of shares – the Institutional Class – and that Investor Class shares are subject to a 25 basis point shareholder service fee, which increases expenses and reduces performance from that shown. They noted that the Institutional Class had outperformed its Broadridge peer group median for the prior one-year and annualized three, five, and ten-year periods. The Trustees considered the Fund's exposure to the value investment style, and global uncertainties and volatility, and concluded that the overall performance results and other considerations supported their view that the Adviser's services to the Fund are of a high quality. The Trustees concluded that the Adviser's record in managing the Fund in a manner consistent with the described investment strategy and style indicated that its continued management had the potential to benefit the Fund and its shareholders.

Third, regarding the Fund's advisory fee and total expenses as a percentage of the Fund's average daily net assets:

- The Trustees compared the Fund's advisory fee and total expenses with those of other similar mutual funds. They noted that the Fund's advisory fee was 80 basis points per annum compared to a median of 75 basis points for its Broadridge peer group and a range of 60-124 basis points for the funds in its peer group. The Trustees noted that the Fund's Institutional Class annual expense ratio, after application of the Adviser's expense limit, of 95 basis points was the same as the median of the funds in its Broadridge peer group and within the range of 70-200 basis points of the funds in its peer group.
- The Trustees compared the Fund's advisory fee with the fees charged by the Adviser to other clients. The Trustees noted that, although the fees paid by the Adviser's other accounts were lower than the fee paid by the Fund, the differences appropriately reflected the Adviser's significantly greater responsibilities with respect to the Fund and the risks of managing a sponsored fund, and are not determinative of whether the fees charged to the Fund are fair. The Trustees noted that the Adviser's services to the Fund included the provision of many additional or more extensive administrative and shareholder services (such as services related to the Fund's disclosure documents, financial statements, 1940 Act compliance policies and procedures, preparation of Board and committee materials and meetings, annual Board reports and certifications, oversight of daily valuation, oversight of Fund service providers, negotiation of Fund intermediary agreements, coordination with Fund intermediaries providing shareholder recordkeeping services, shareholder communications, and due diligence for advisers, consultants and institutional investors).

The Trustees concluded that the Fund's advisory fee and expense ratio were reasonable and appropriate under the circumstances.

Fourth, the Trustees considered the Adviser's costs of providing services to the Fund and estimated profits realized by the Adviser from its relationship with the Fund. They reviewed the Adviser's estimated after-tax profit margin

# STATEMENT REGARDING BASIS FOR RENEWAL OF INVESTMENT ADVISORY AGREEMENT (FORM N-CSR ITEM 11) (Unaudited)

(concluded)

with respect to such services for the twelve months ended March 31, 2024 and the methodology used to generate that estimate, and noted that the cost allocation methodology presented to the Trustees was reasonable. They also observed that the Adviser's estimated profitability was within the range cited as reasonable in various court decisions. After consideration of these matters, the Trustees concluded that the Adviser's operating margin with respect to its relationship with the Fund was reasonable.

Fifth, regarding economies of scale, the Trustees observed that, although the Fund's advisory fee schedule does not contain fee breakpoints, it is difficult to determine the existence or extent of any economies of scale. They noted that the Adviser is sharing economies of scale through reasonable advisory fee levels, expense limit agreements, and devoting additional resources to staff and technology, including cybersecurity, to focus on continued performance and service to the Fund's shareholders. They considered certain initiatives and noted that the Adviser continues to innovate and enhance its capabilities, and that innovation is a means of reinvesting in its services. They also noted the entrepreneurial risks taken by the Adviser in forming the Fund and that, in the Fund's prior years, the Adviser incurred losses in managing the Fund. The Trustees concluded that under the circumstances the Adviser is sharing any economies of scale with the Fund appropriately.

Sixth, regarding any other benefits derived by the Adviser from its relationship with the Fund – often called “fall-out” benefits – the Trustees observed that the Adviser does not earn “fall-out” benefits such as affiliated custody fees, affiliated transfer agency fees, affiliated brokerage commissions, profits from rule 12b-1 fees, “contingent deferred sales commissions” or “float” benefits on short-term cash. The Trustees concluded that the primary “fall-out” benefit received by the Adviser is research services provided by brokers used by the Fund and that this benefit is reasonable in relation to the value of the services that the Adviser provides to the Fund.

**Approval.** At the June 26, 2024 and August 12, 2024 meetings, the Trustees discussed the information and factors noted above with representatives of the Adviser and, at the August 12, 2024 meeting, the Trustees considered the approval of the Advisory Agreement. The independent Trustees also met in a private session at all meetings with independent counsel at which no representatives of the Adviser were present. In their deliberations, the independent Trustees did not identify any particular information or factor that was determinative or controlling, each Trustee did not necessarily attribute the same weight to each factor, and the foregoing summary does not detail all the matters considered. Based on their review, the Trustees (all of whom are independent) unanimously concluded that the Advisory Agreement is fair and reasonable to the Fund and its shareholders and that the Fund's advisory fee is reasonable and renewal of the Advisory Agreement is in the best interests of the Fund and its shareholders, and the Board of Trustees unanimously approved renewal of the Advisory Agreement for a twelve-month period beginning September 20, 2024.
